CONEG - Coalition of Northeast Governors

Attn: Dear Customer,

Dear Customer,

This letter is to reply to your request for information on the heavy metals status of products supplied by Unique Glo. .

CONEG - Coalition of Northeast Governors

Please be advised that all of the products supplied by Unique Glo Inc. are in compliance with the CONEG heavy metals legislation. All of our products are formulated and manufactured without the intentional addition of materials based on chemistries of lead, cadmium, hexavalent chromium and mercury.

All of our products, therefore, will comply with the 100-ppm aggregate incidental contaminant level required under CONEG.

This certification is based on knowledge that lead, cadmium, hexavalent chromium and mercury based materials are excluded from use in the formulation of all of Unique Glo Inc. products.

We trust this information will satisfy your needs.

Sincerely,

Bill Allman, Technical r Sales Associate
